

Reason to Play — code, data and method lineage

The research's source relationships, with neural-analysis Git ancestry distinguished from file reuse.

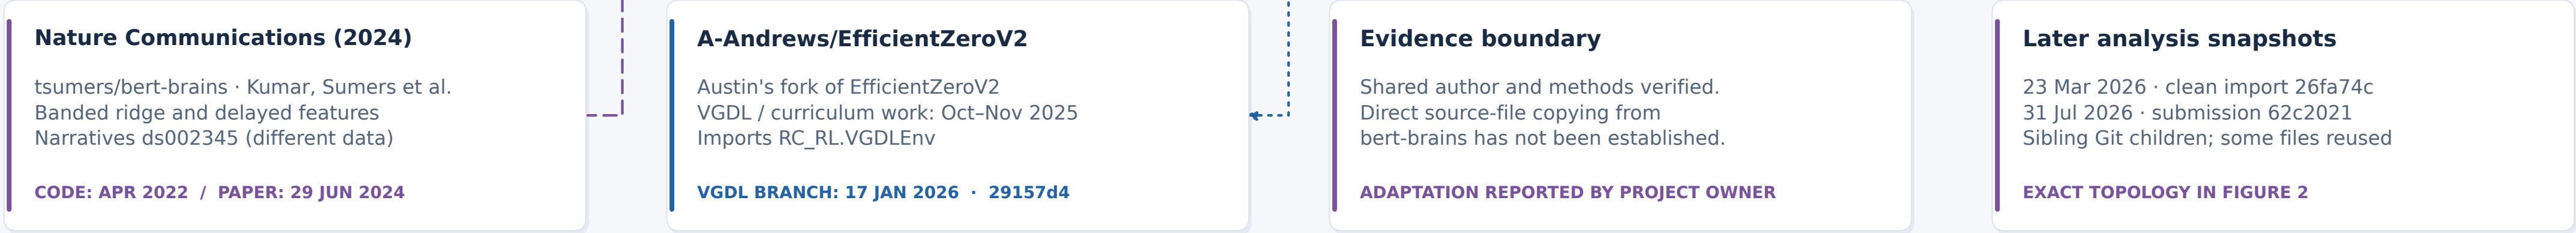

HUMAN EXPERIMENT, RAW DATA AND PREPROCESSING

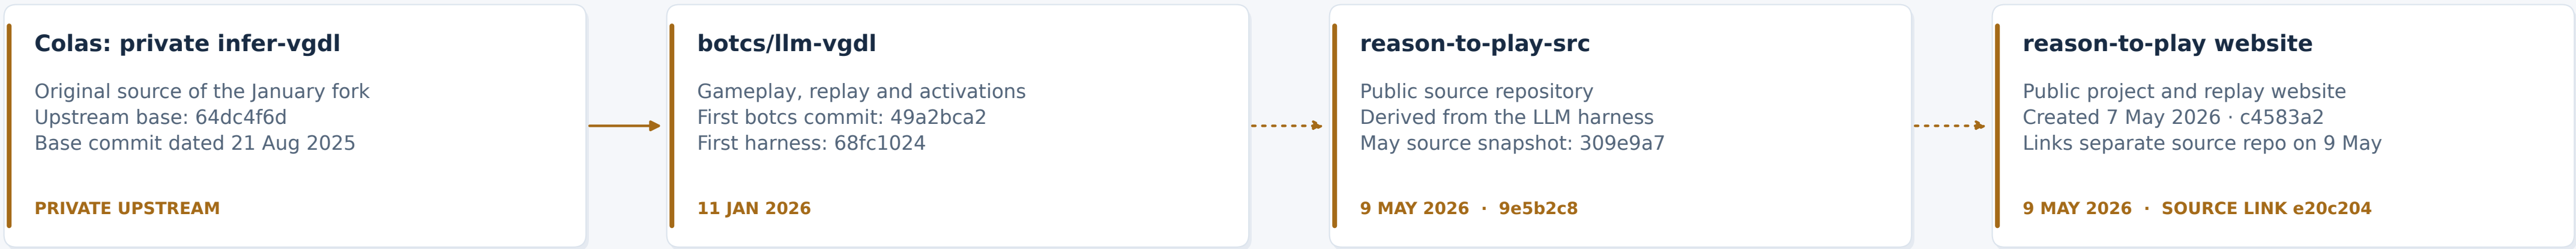

REINFORCEMENT-LEARNING CODE ANCESTRY

METHODS AND BASELINE TOOLING

LANGUAGE-MODEL HARNESS AND PUBLIC ARTIFACTS

Later public Colas source: language_and_experience
First source snapshot: 12 Feb 2026 · edb30bc
LATER PARALLEL PUBLIC SNAPSHOT — NOT THE JANUARY FORK POINT

Reading this figure

These streams have separate histories. A repository snapshot date does not establish when work began, when a model was run, or which results used it. The analysis imports are expanded in the companion branch diagram.
